

### Requirements for supplier to declare materials

1. Selection of correct IMDS ID: declaration of materials in IMDS of all delivered parts, components and semi-finished products must be sent to the IMDS ID mentioned in Purchase Order or as requested to subaccounts.

Global IDs for all business units:

[113892] – for BU1 – Engine Components

[234] – for BU2 – Filter Systems

[294] – for BU3 and BU4 – Thermal Management and Electronics (MAHLE Group account)

2. Consider the latest IMDS recommendations while creating IMDS structure.

The screenshot shows the MAHLE MDS interface. The 'Help' menu is open, with 'Recommendation' highlighted. Below it, a 'Recommendation' dialog box is displayed, showing a table of IMDS recommendations.

Initial Date	Last Modification	Number	Title	Date	Download
		IMDS 001	General Structure		001 [pdf] (English)
		IMDS 001a	General Structure Annex I		001a [pdf] (English)
		IMDS 002	"Flat Bill of Material" (FBOM)		002 [pdf] (deactivated) (English)
		IMDS 003	Rubber (Elastomer) Material Compositions		003 [pdf] (deactivated) (English)
		IMDS 004	Textiles		004 [pdf] (English)
		IMDS 005	Leather		005 [pdf] (English)
		IMDS 006	Automotive Lubricants		006 [pdf] (deactivated) (English)
		IMDS 007	Steel Flat Products (strips and sheets), Metallic Coated (hot-dipped or electrolytically)		007 [pdf] (English)
		IMDS 008	Electroplated (electrolytically deposition) fasteners		008 [pdf] (English)
		IMDS 009	Components with electrolytically deposited coatings		009 [pdf] (deactivated) (English)
		IMDS 010	Plastic Material Compositions		010 [pdf] (deactivated) (English)
		IMDS 011	Nonmetallic Coatings		011 [pdf] (English)
		IMDS 012	Automotive Sealers and Adhesive Products		012 [pdf] (English)
		IMDS 013	Thermoplastic Elastomer (TPE) Material		013 [pdf] (deactivated) (English)

The above-mentioned dates refer to when a released or changed recommendation was published on this screen. Therefore they might slightly differ from the dates mentioned in the recommendation PDF files.

- 3 Information to be entered under: Recipient data → Company data:

- Part/Item No.: under "Part/Item No.," the MAHLE part number should be entered in full, using the correct format. Unless otherwise specified: include zeroes and letters but omit spaces and dashes.
- Document No. When entering the MAHLE document number ①, please also ensure that you use the correct format.
- Drawing dated: Here you should enter the version ④ and the last date ③ recorded on the drawing. Example: 2013/01/07
- Drawing Change Level: Enter the number of the last recorded change ②. If no changes have been recorded on the drawing, this field can be left blank. Example: 19439

	Date	Name	Part Name	Scale
